

SERGIO ACUÑA

FRONTEND DEVELOPER

Tamaulipas, Mexico | sergioac.madrid@hotmail.com | sergiomadridportfolio.netlify.app

SUMMARY

I am an active Computer Systems Engineering student with a strong focus and passion for frontend web development, while also continuing to learn about backend technologies.

I enjoy creating intuitive, scalable interfaces based on clean code and best practices. I am looking to apply my knowledge in real-world projects and continue growing as a frontend developer.

TECHNICAL SKILLS

HTML	React (basic)	Git & GitHub
CSS / SCSS	NodeJS (basic)	Figma (basic)
JavaScript (ES6+) & Typescript	MySQL (basic)	Postman

PERSONAL PROJECTS

E-Commerce

- Online store for purchasing cellphone cases. Features an attractive and responsive design that adapts to any device, offering a smooth and intuitive browsing experience.

Real-Time Chat App

- Chat application where users can register, log in, and manage their account (change email or password). Supports real-time messaging using a simple and responsive interface.

Photography Blog

- Website to showcase the photos I've taken with my camera, presented in a clean and organized layout. The site features a responsive design that works seamlessly across all devices.

EDUCATION

Bachelor's Degree in Software Development Engineering Aug 2021 - June 2026

Instituto Tecnológico de Ciudad Madero - TecNM

- Relevant coursework: Web Development, Databases, Algorithms, Artificial Intelligence
- Academic projects: Developed a real-time chat app and a responsive e-commerce site as part of coursework and personal initiative.
- Teamwork experience in academic software projects using GitHub
